

VICTORY!

HAVE YOU HEARD?

In the inbound ship dock on day shift the majority of us submitted a petition demanding change. We asked for break rooms with enough microwaves, tables and chairs, higher pay, better communication, and more dignity and respect on the job.

TAKING ACTION WORKS!

Already, Amazon brought in more working microwaves, tables and chairs for the break rooms. The more of us that come together to demand change, the higher chance Amazon will take us seriously!

LET'S VOTE YES TO FORM OUR UNION!

If we want changes to be permanent we need to get it in writing and in a union contract. Without a union contract, Amazon can change our pay, benefits, and working conditions without any input from us.

WHEN WE STAND TOGETHER
UNITED WE CAN MAKE THE
CHANGES WE NEED AT WORK!
